

Model: VFT-4836

Vibration Free Table

Your Ultimate Solution In Vibration

VFT-4836

A Passion for Probing

Model:VFT-4836 Vibration Free Table

Features:

- Rugged Structure with all frame welded
- Active Air Height Suspension Control with Automatic High Sensitive leveller at four corners
- Stainless Steel Tabletop with Anti-Glare
- Frame with Black Powder Coating
- Guard Rail Front/Rear For Preventing Hands From Touching The Floating tabletop
- Choice of Net Load 200 Kg,400 Kg & 800 Kg
- Leveling Leg Each At Four Corners
- Custom-Made On Request

Specifications:

- Dimension 48"W x 36"D(120cm Wx90cm D)
- Vertical Natural Frequency 1.5Hz
- Isolation Efficiency @ 5Hz 85%
- Isolation Efficiency @ 10Hz 97%
- Horizontal Natural Frequency 1.2Hz
- Isolation Efficiency @ 5Hz 91%
- Isolation Efficiency @ 10Hz 97%
- Air Requirement 80 psig :

Modeling:

Model	Dimension	Net Load
VFT-3636-200	36"W x 36"D	200 Kg
VFT-4836-200	48"W x 36"D	200 Kg
VFT-6036-400	60"W x 36"D	400 Kg
VFT-7236-800	72"W x 36"D	800 Kg

Option:

- Low Noise Air Compressor
- Wheel-Caster 4 wheels/set
- Sliding Shelf 12"W x 36"D
- Overhead Side Shelf 12"W x 36"D
- Granite Tabletop (Check for Tabletop Thickness &Net load)
- Stainless Steel Frame for clean room class 10
- Bread Board Tabletop for optoelectronics
- Choice of Metric/Imperial threaded holes
- Choice of Aluminum with black anodized and Steel with hard chrome plated
